5×5 TELECOM
INTERNET, CYBER, EDGE AI & MANAGED SERVICES

Solution brief · Enterprise internet

Enterprise dedicated internet

Internet for offices and buildings, with service options matched to your bandwidth, performance and business needs.

Why businesses choose 5x5

Installed in days, not weeks or months

From contract to installation, our standard install takes days, not weeks or months, and we do not charge extra for it.

99.999% availability in writing

For SLA-backed services, we commit to at least 99.999% network availability, subject to the SLA.

Support that answers

US-based support team. First reply within 60 minutes.

What we provide

Connections

- Dedicated internet access
- Business internet access
- Fixed wireless, with the same SLA as our fiber service
- 5G and 4G LTE service
- Dark fiber, direct fiber and wavelength

Networks and transport

- SD-WAN
- Business Ethernet transport (point-to-point)
- IP transit and transport
- Colocation

Beyond the connection

- Connected Square Footage™ across your building
- Managed services, cybersecurity and voice from the same provider
- One support team accountable for all of it

How it works

Tell us about your office

Share your address and the bandwidth you need.
