Solution brief · Office moves and new offices

Internet, phones and IT ready for your new office

Opening a new office or moving to one? 5x5 Telecom connects the space and sets up what your team needs on the first day: internet, phones with your existing numbers, Wi-Fi, cybersecurity and IT support, from one team.

BEFORE YOU SIGN

Order internet first

Phones, Wi-Fi and every cloud app depend on it. Send 5x5 your new suite address as soon as you have it, even before the lease is final. Installation typically takes days, not weeks or months. We confirm the schedule when we prepare your quote.

A move-in day without the scramble

Keep your phone numbers

We help you port them. Keep the old service until the port is done, so no number is lost.

Wi-Fi and cybersecurity from the start

Coverage planned for your office, with separate staff and guest networks, and protection where your network meets the outside world.

One team to call

A US-based team supports your internet, phones and IT. US-based support team. First reply within 60 minutes.
