5x5 TELECOM
INTERNET, CYBER, EDGE AI & MANAGED SERVICES

Solution brief · Physical security for offices and buildings

Doors, cameras and the network, managed together

5x5 Telecom installs and manages access control, AI security cameras and intercoms for offices and buildings in one system, on the network we secure, supported by one team.

Why businesses choose 5x5

Card, fob or phone

People open the doors, gates, elevators and floors they are allowed to use with a card, a fob, a phone app or a digital wallet badge.

Cameras that tell you what matters

Built-in AI recognizes people, vehicles and license plates, flags sounds, sends the alerts you choose and makes video fast to search.

One system, one team

Doors, cameras, intercoms and leak, vape and air quality sensors on one floor plan map, on the network we secure. US-based support team. First reply within 60 minutes.

What we provide

Access control

- Card, fob and phone access
- Doors, elevators and vehicle gates
- Intercoms with a call directory
- Entry records with video
- Battery backup and emergency lockdown
- Reuse of existing wiring and compatible locks

AI security cameras

- People, vehicle and license plate recognition
- Optional face recognition
- Sound detection and automatic actions
- Video search and incident reports
- Months of video, with off-site copies
- Secure viewing from anywhere

Around it

- Indoor, outdoor and panoramic cameras
- Visitor management
- Leak, vape and air quality sensors
- Every location managed in one place
- Managed LAN and firewall/router

How it works

Tell us about your space

Share your address, the doors, gates and floors you want to control and the areas cameras should cover.

We design and install

We propose the system and plan, including what existing equipment can stay, and confirm the schedule with your quote.

Managed and supported

We manage the system and the network it runs on, with 24/7 support from our team in the United States.

Get a free custom quote

Tell us about your office or building and the doors and areas you want covered.
