5×5 TELECOM
INTERNET, CYBER, EDGE AI & MANAGED SERVICES

Solution brief · Business VoIP

Business VoIP phone service

Advanced VoIP telephone service at a flat, low monthly rate, with enterprise calling features and responsive support, from a single office to a distributed call center with thousands of users.

Why businesses choose 5x5

Keep your numbers

Switching does not mean new numbers. You keep your existing business numbers, and we help you port them to 5x5.

One team for phones and internet

Your phones and internet use the same network and are supported by the same team, so call quality problems are addressed without passing you between vendors.

Support that answers

US-based support team. First reply within 60 minutes.

What we provide

Calling features

- Unlimited calling at a flat, low monthly rate
- Auto attendant (IVR)
- Voicemail to email
- Call transfer and forwarding
- Toll-free calling and music on hold

Work from anywhere

- Softphone app on computer or smartphone
- Simultaneous ringing to your mobile
- Take your desk phone to another location
- Works with Zoom and Microsoft Teams
- Dial any number from Outlook

Beyond the phone system

- SIP trunking for the phone system you already own
- Copper phone line replacement
- Contact center
- Voice reputation management
- Internet from the same provider

How it works

Tell us about your team

Share how many users and locations you have, and the numbers you want to keep.

We set it up

We configure your voice service around your team's needs, including menus and hold messages, and help port your numbers.

Supported around the clock

US-based support team. First reply within 60 minutes.

Get a free custom quote

Share how many users and locations you have and the numbers you want to keep, and we will put together a plan for your team.
